

## Classic

Zon 1 Zon 2 Zon 3

The Classic is a professionally washable absorbent mat which can withstand the demands of heavily trafficked entrances. The strongly coloured nylon yarn offers both superior durability when washed and colour-fastness. The yarn is also mixed with carbon fibre threads which remove static electricity. The reverse is made of strong, thick nitrile rubber with a reinforced edge that keeps moisture and dirt in place.

TECHNICAL FACTS	
<b>Material:</b>	High twist nylon, perforated reverse made from nitrile rubber.
<b>Thickness/weight:</b>	8 mm / Total weight: 2.7 kg/m <sup>2</sup>
<b>Edge strip:</b>	Width: 20 mm Thickness: 2.2 mm
<b>Properties:</b>	Good absorbency, fast-drying fibres, removes static electricity.
<b>Fire resistance class:</b>	EN ISO 13501-1: Bfl/ s1 or Cfl/ s1
<b>Guarantee:</b>	2 years
<b>Recyclable:</b>	No
<b>Care:</b>	Professional machine washable PH max. 9.5, max. 60°, with tumble-drying, max. 85°, vacuuming or rinsing.
<b>Environment:</b>	For indoor use. Heady duty.
