

## Jaguar mat

Zon 1 Zon 2 Zon 3

A hard-wearing mat that withstands tough, high-volume entrances and scrapes off dirt extremely effectively, the open hole pattern can accommodate large amounts of dirt without looking grubby. The mat's low weight makes it easy to roll up when cleaning. The back is drained in two directions to ensure optimum run-off and evaporation. It is made up of 400x100 mm modules.

You can choose between purchasing a mat that is ready-made

in accordance with your own dimensions, and which is simple to cut on site for maximum fit if necessary. Or you can order loose modules and construct your mat yourself, the modules are easy to fit together without special tools. If a module is damaged, it is simple to replace it on site. This makes the Jaguar Mat a long-term and highly economical alternative.

### TECHNICAL FACTS

<b>Material:</b>	UV resistant NBR rubber / vinyl.	
<b>Module size:</b>	Modules 400 x 100 mm.	
<b>Thickness/weight:</b>	12 mm 4,9 kg/m <sup>2</sup> 16 mm 7,1 kg/m <sup>2</sup>	20 mm 9,0 kg/m <sup>2</sup> 25 mm 11,3 kg/m <sup>2</sup>
<b>Properties:</b>	Very good scraper function, non-slip, double drained back. Suitable for shopping trolleys.	
<b>Temperature range:</b>	-35° - +70°C	
<b>Fire resistance class:</b>	EN 13501: Cfl - s1	
<b>Guarantee:</b>	5 years production and manufacturing guarantee.	
<b>Recyclable:</b>	Yes.	
<b>Maintenance:</b>	Can washed if necessary, vacuum/sweep underneath.	
<b>Environment:</b>	For indoor and outdoor use. 12 mm suitable for low volume use. 16 mm suitable with medium volume use and 20-25 mm suitable in entrances with high volume use.
